

Indulgent. Dare we say decadent...and definitely delicious. With 12g of plant protein, this divine liquid velvet is ideal to ensure you don't have an afternoon slump. Go on, Treat Yo'self.

Be Nice to you...

During a Reset, it is essential that you set aside time for yourself. While you enjoy your CACAO BLISS, think about how you will reward yourself this evening. We suggest a warm bath with lavender essential oil and epsom salts. Deeply detoxifying and relaxing, it is a wonderful way to finish the day. The lavender will relax the mind and body, while the Epsom salts will draw out any impurities resting within.

Be Nice 3 day Reset.

 **CACAO BLISS**

3 DAY **RESET**

We just love it when a plan comes together. Like when a seriously delicious drink is genuinely nutritious too. Boom. Here it is. Raw cacao is full of anti-oxidants, iron, magnesium and calcium. It is touted to help support your cardiovascular system, lower cholesterol and balance blood pressure. And if that's not enough - it's even been proven to be a natural mood elevator too.
